

8. Geographical Analysis of Net Deposits

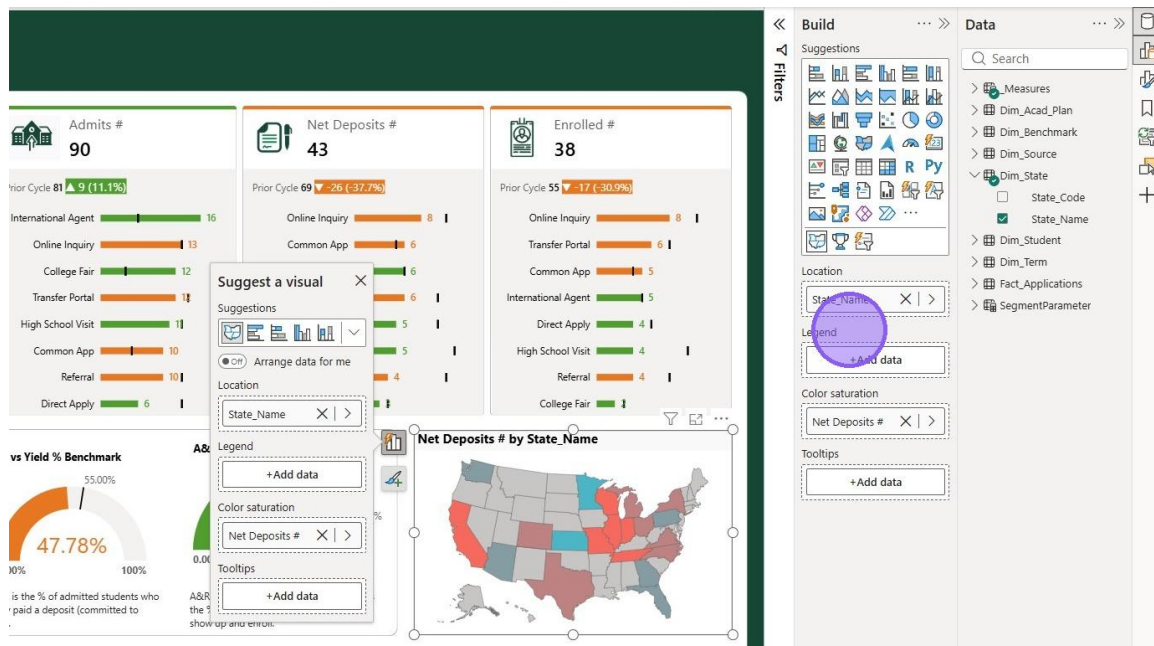

Learn how to personalize your geographic visualizations by adjusting colors, fills, and formatting options. This guide helps you enhance map clarity and design to better represent your data insights.

Visual Creation

1. Click "Shape map (Preview)"

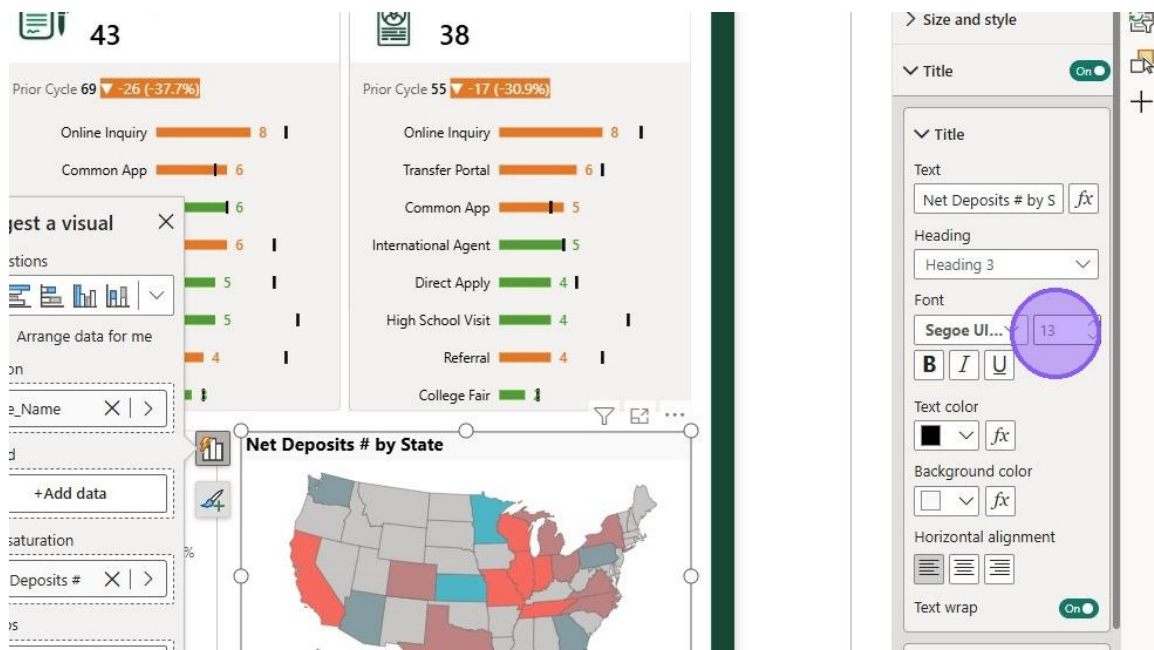

- Drag and drop
State_name under Location
Net Deposits # under Color Saturation

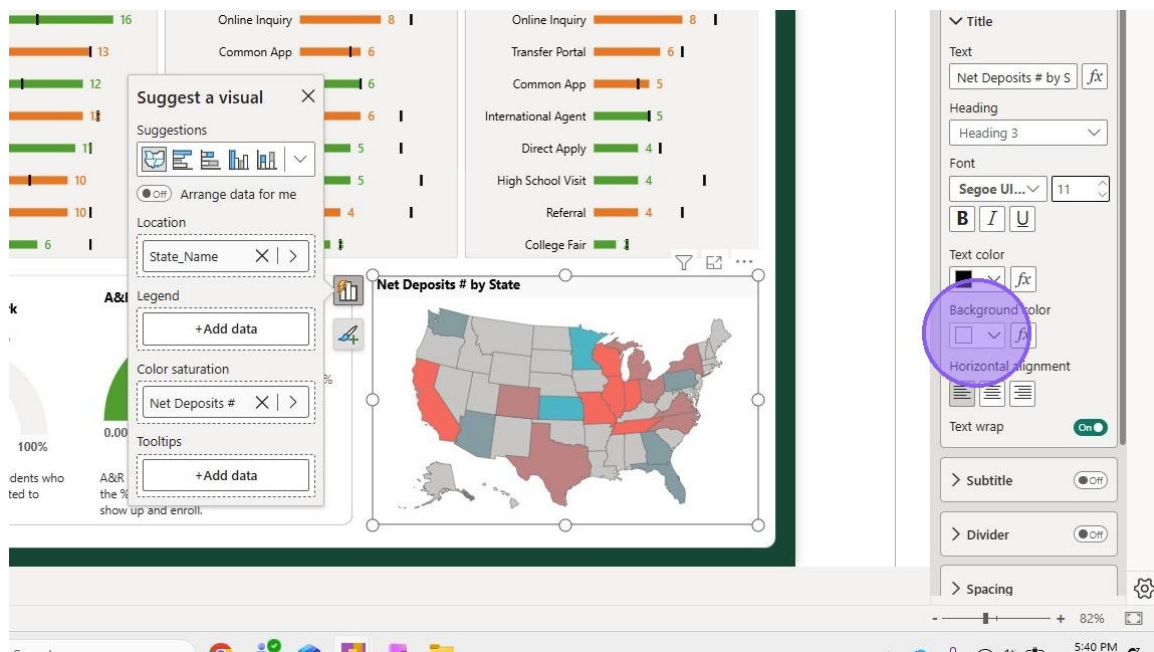

Formatting Setup

- Adjust the title font size in the Format pane to 11

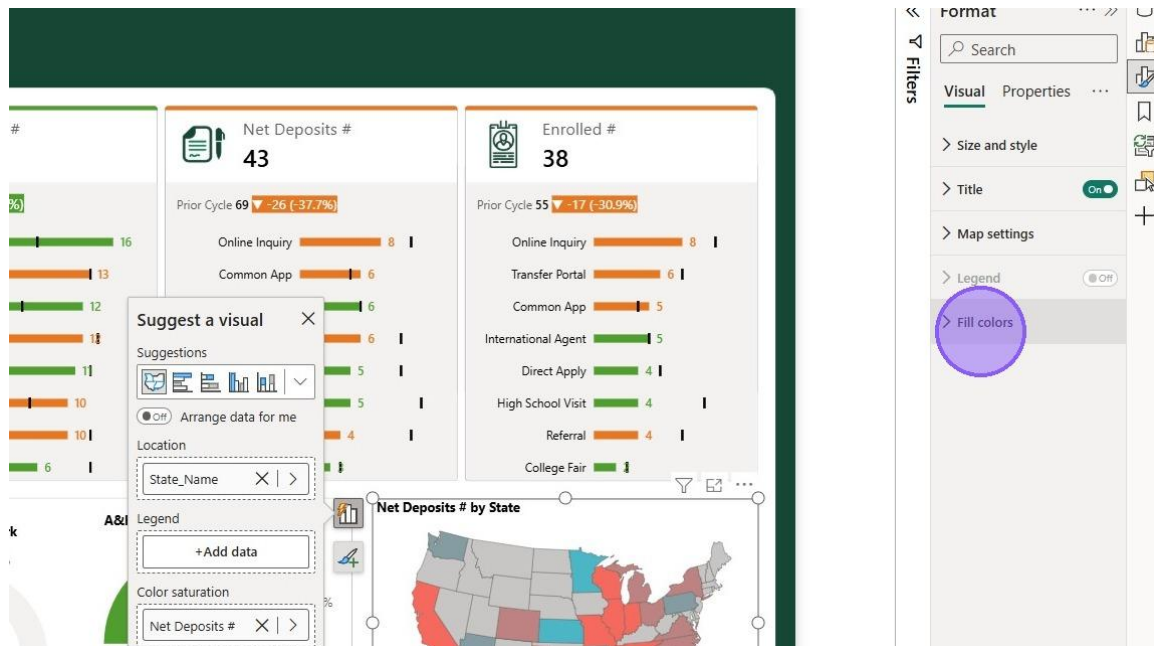

4. Open the Background color picker and choose no fill or white

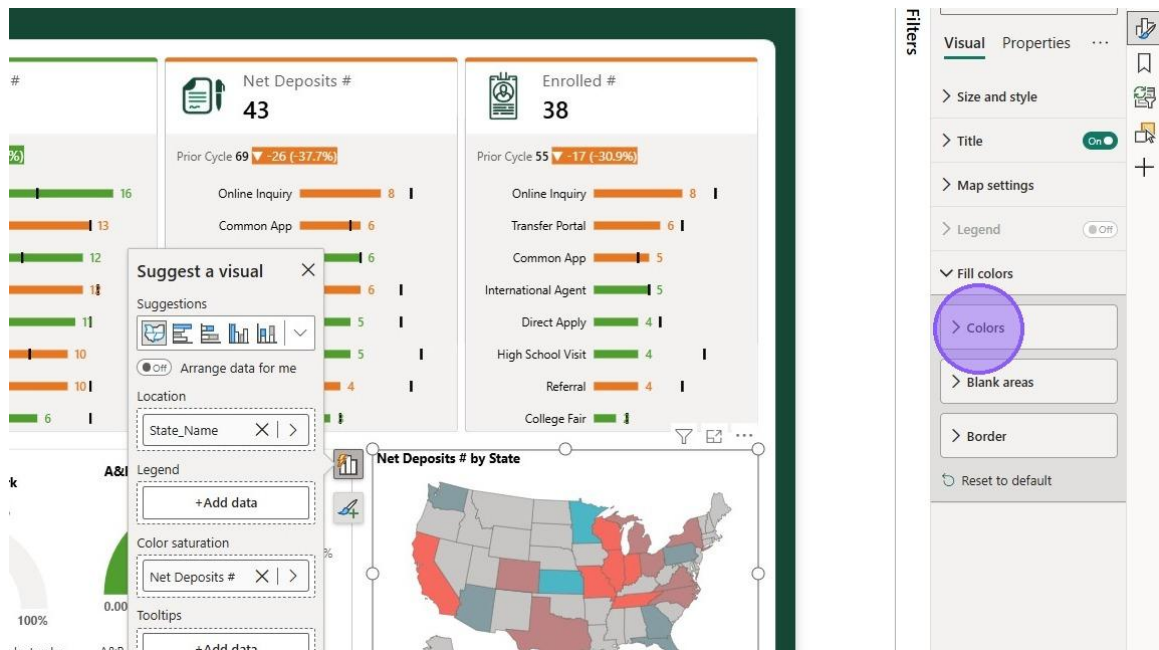

Gradient Color Configuration

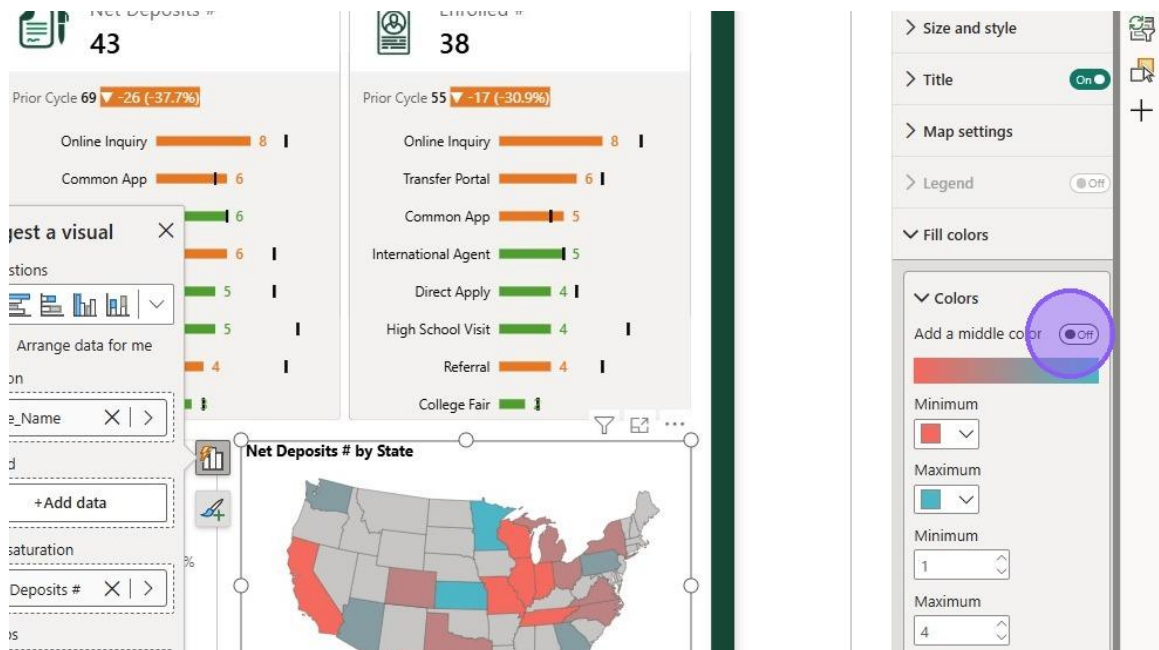

5. Click "Fill colors"

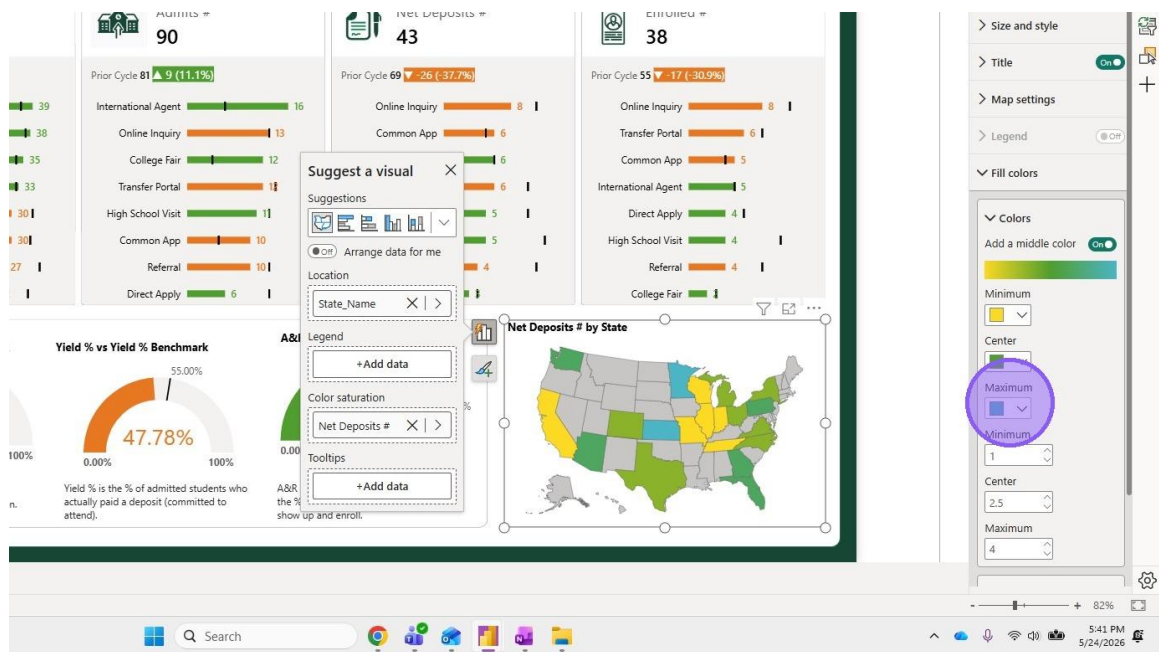

6. Click "Colors"

7. Enable Middle Color

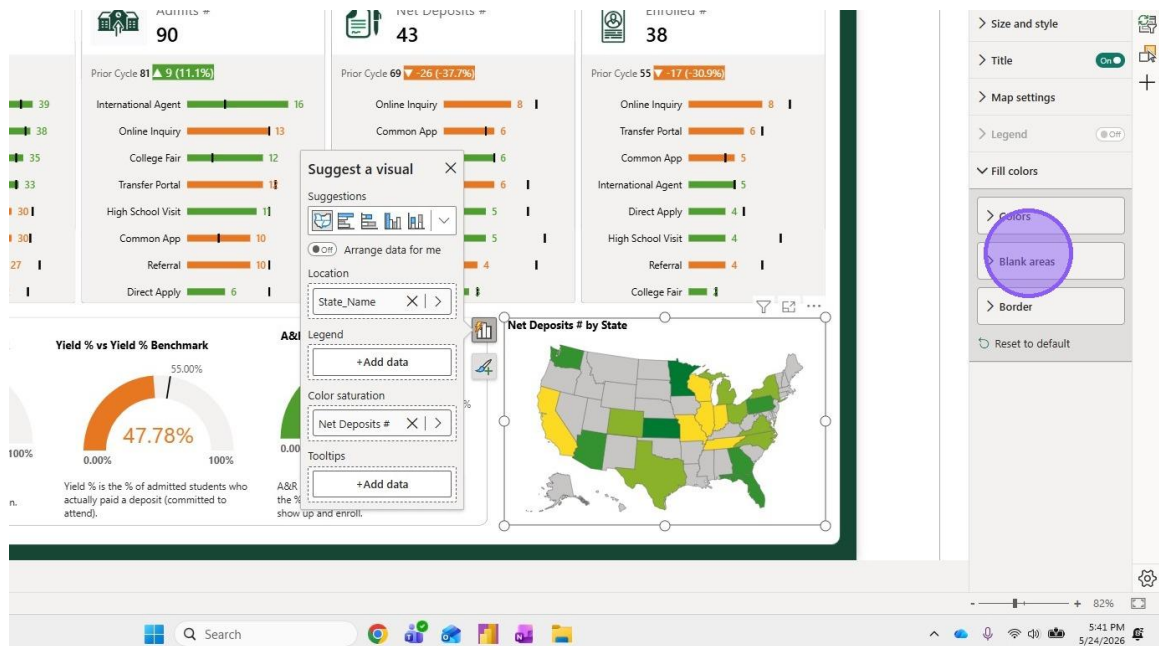

8. Select colors for Minimum, Center and Maximum

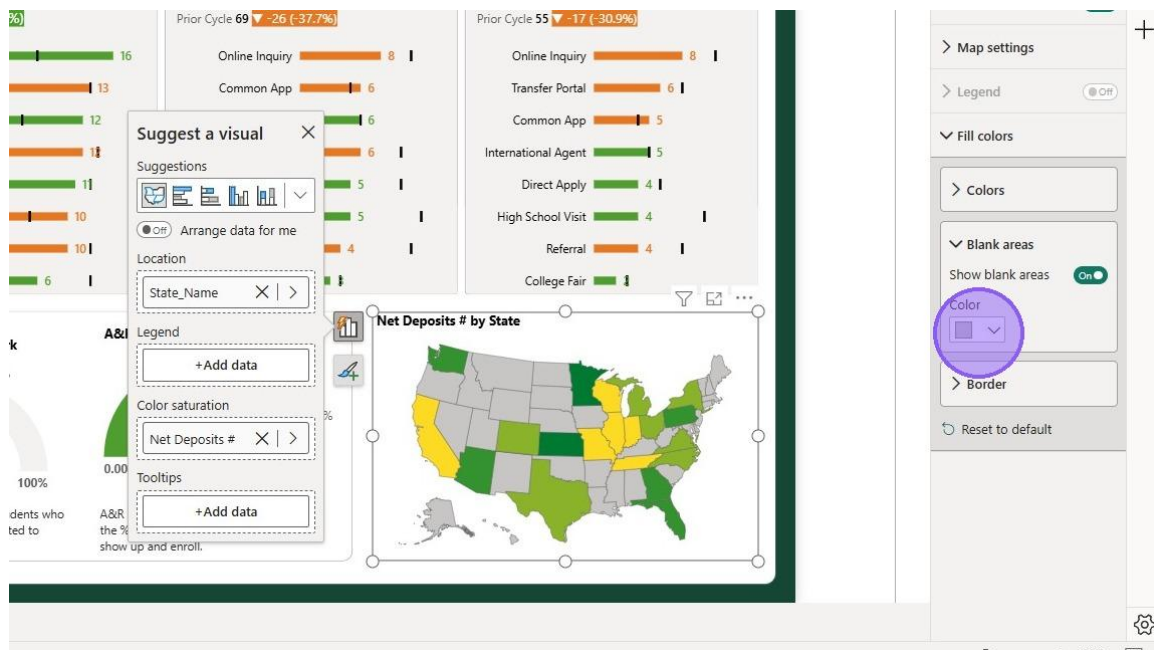

Blank Area Styling

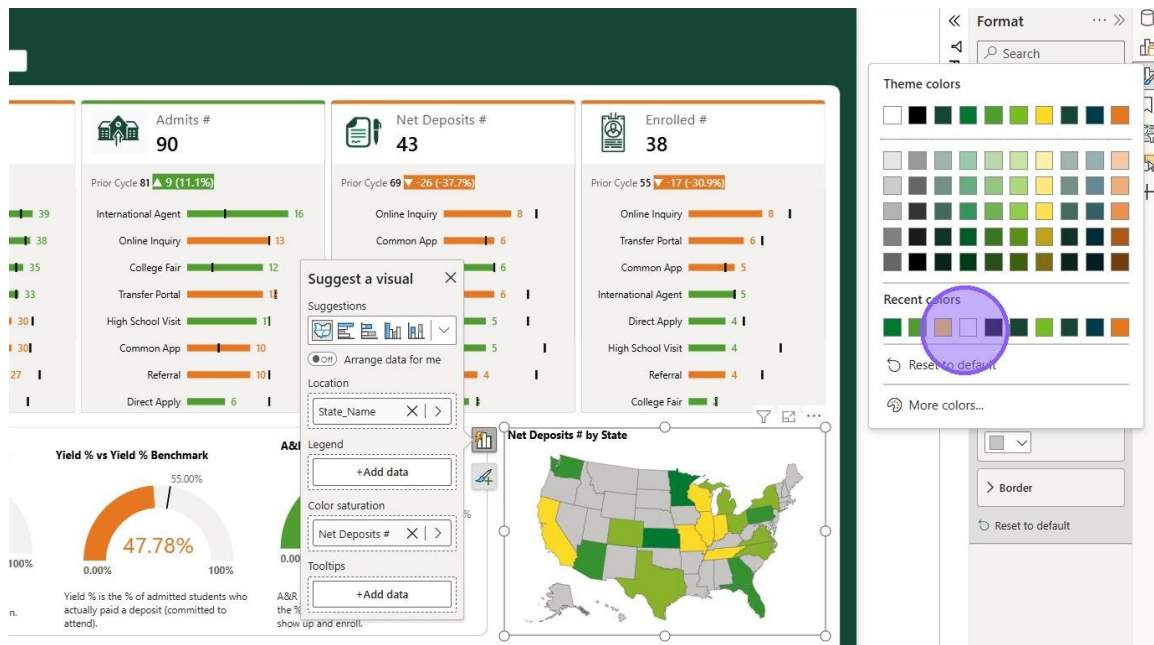

9. Expand the Blank areas section

10. Click "Color"

11. Click "White"

Add Border

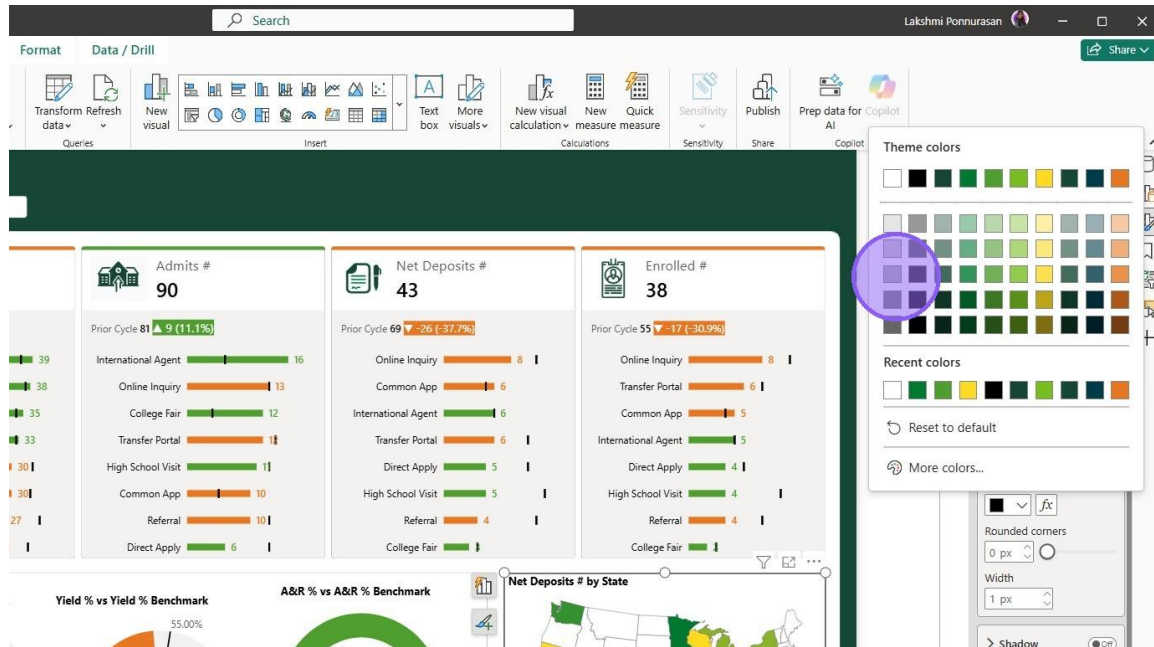

12. Click "Size and style"

The screenshot shows the Power BI Desktop interface. The main view displays a dashboard with three cards: 'Net Deposits #', 'Enrolled #', and a list of categories. The 'Format' pane on the right is open, and the 'Size and style' tab is selected, highlighted with a purple circle. The 'Format' pane also shows a search bar and other tabs like 'Visual' and 'Properties'.

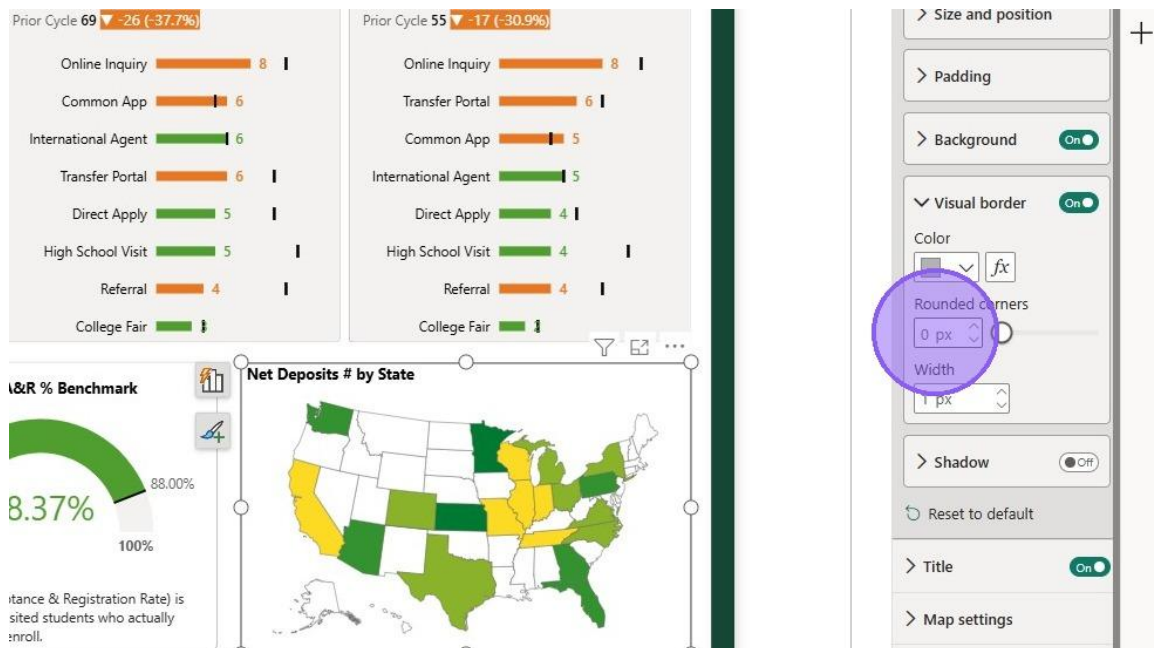

13. Turn on the Visual Border

The screenshot shows the Power BI Desktop interface. The main view displays a dashboard with three cards: 'Net Deposits #', 'Enrolled #', and a list of categories. The 'Format' pane on the right is open, and the 'Visual border' tab is selected, highlighted with a purple circle. The 'Visual border' section is expanded, and the 'On' toggle is turned on. The 'Format' pane also shows a search bar and other tabs like 'Visual' and 'Properties'.

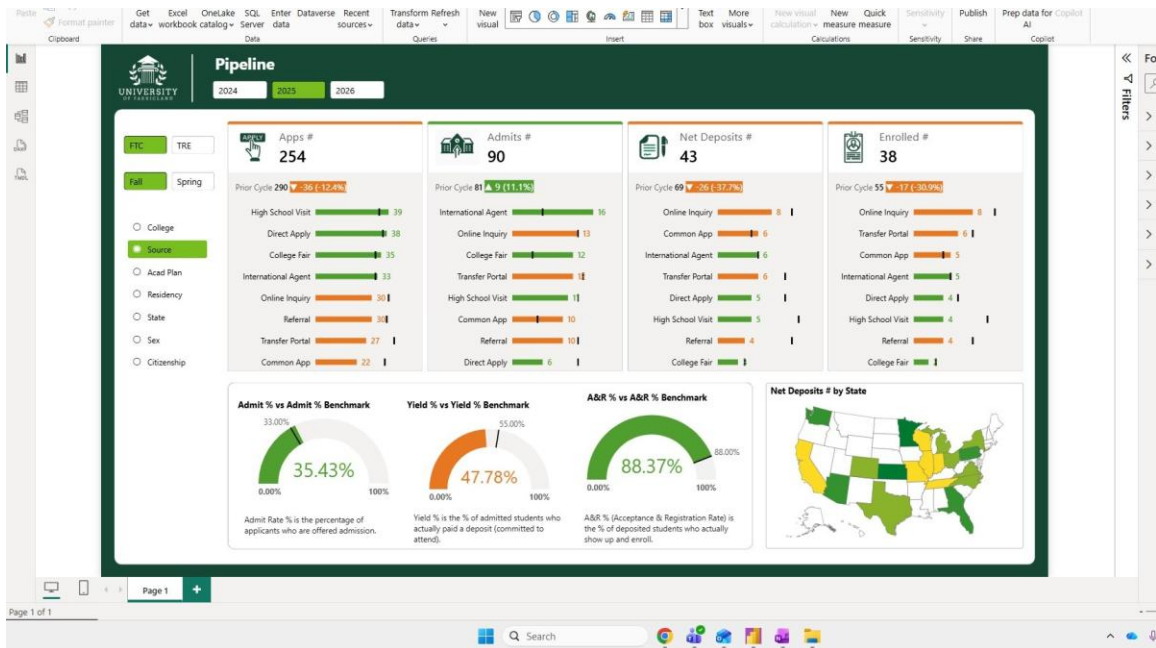

14. Choose color as "White, 30% darker"

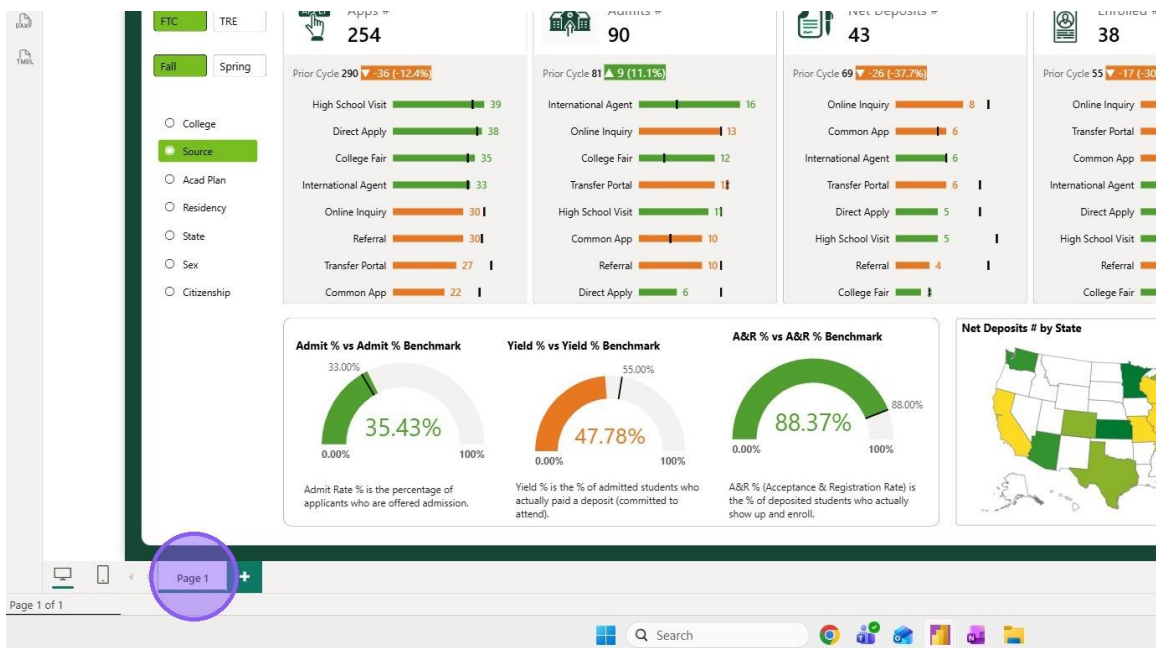

15. Change to 4 px

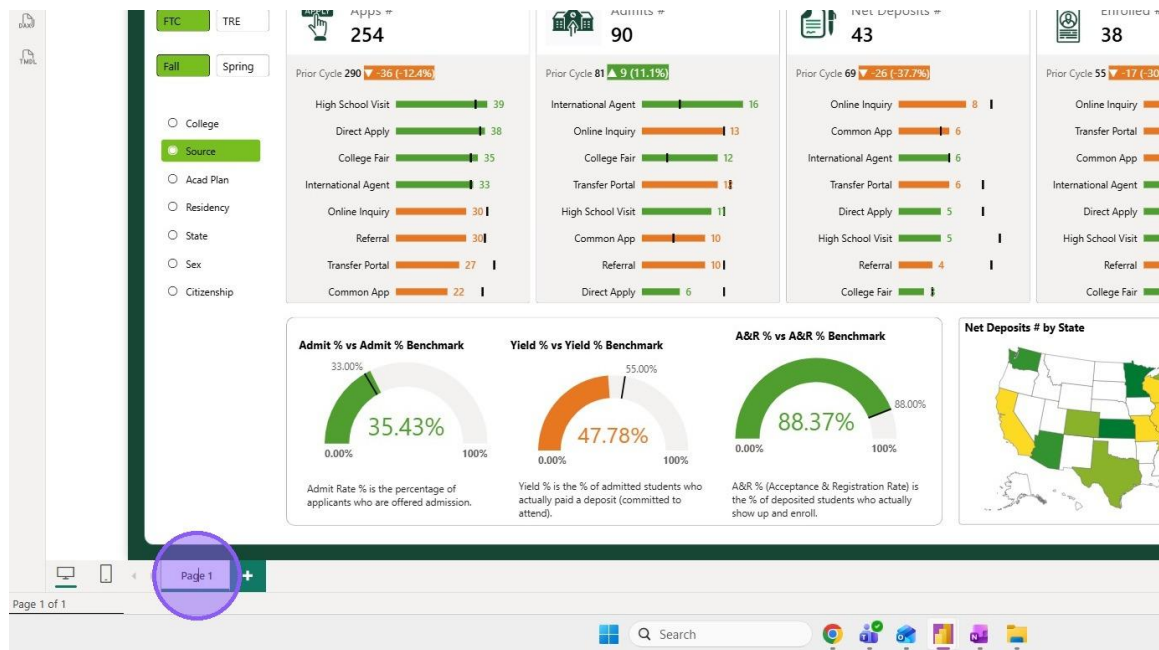

16. This is what you will see now!

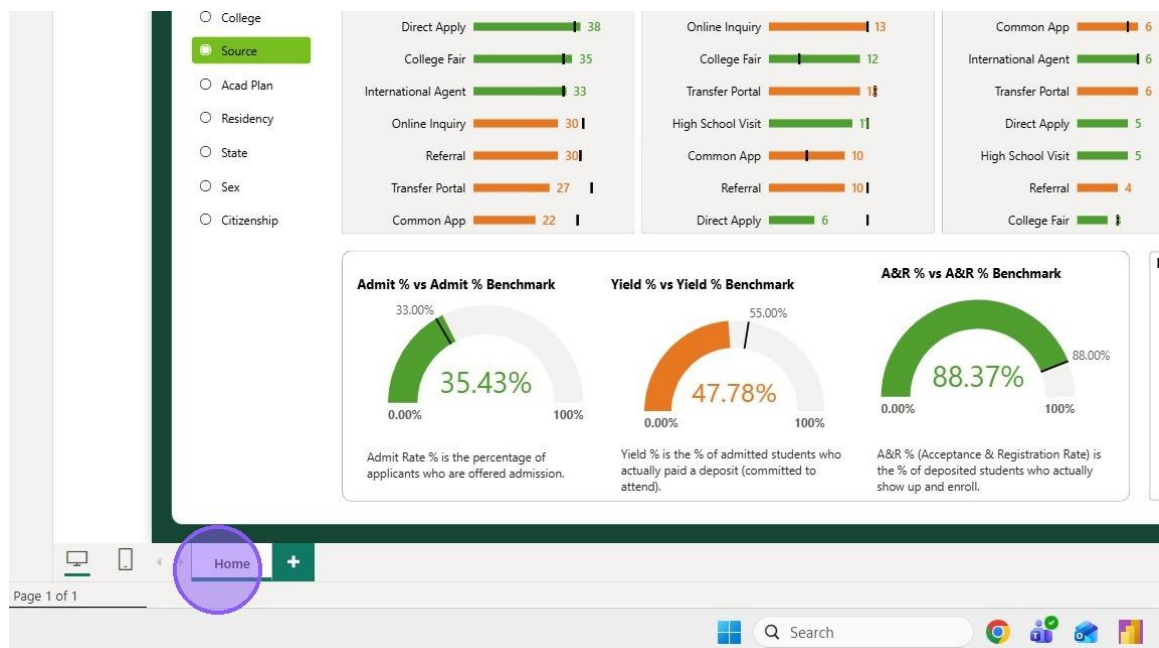

17. Double-click "Page 1"

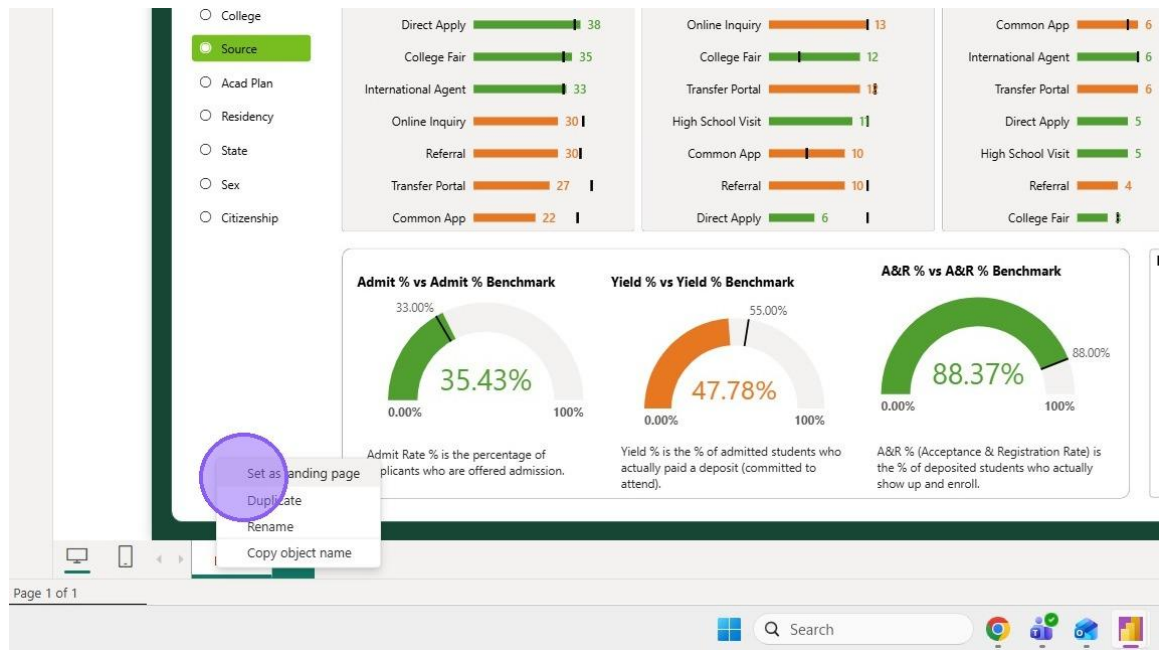

18. Rename to Home.

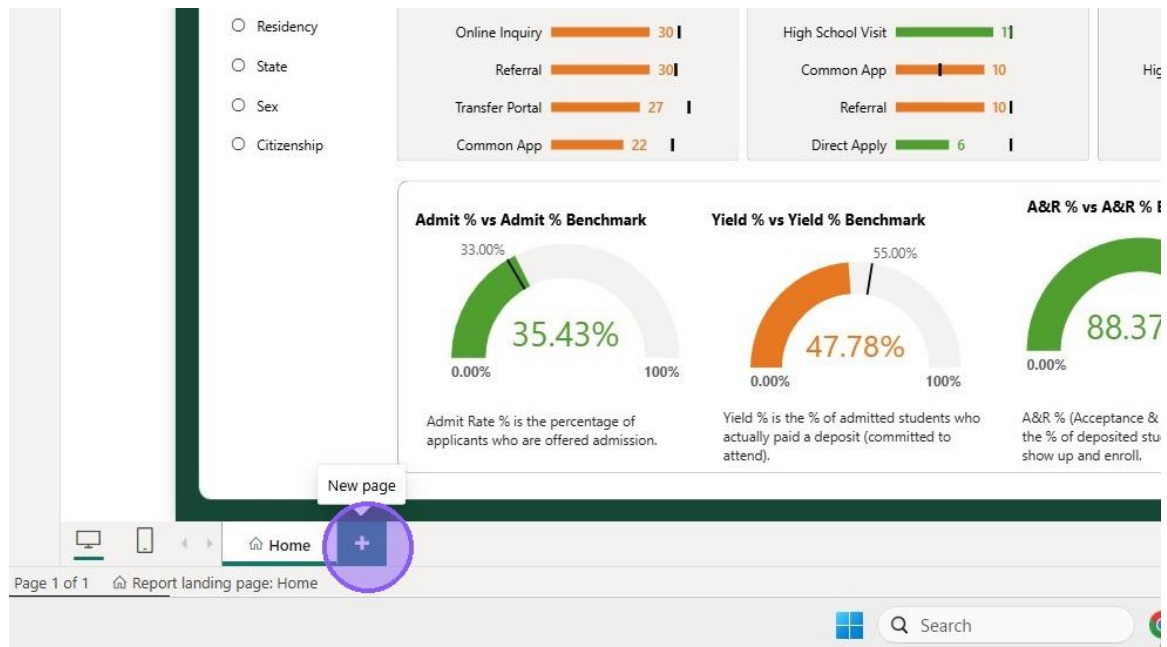

19. Right click "Home"

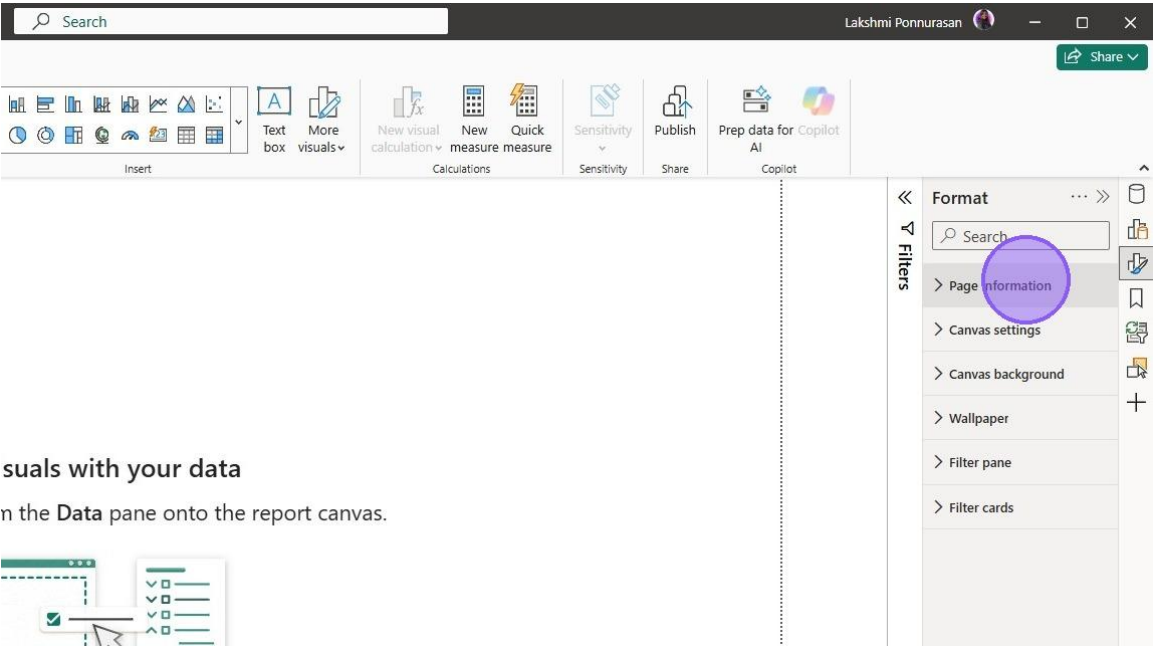

20. Click "Set as landing page"

21. Click "New page"

22. Click "Page information"

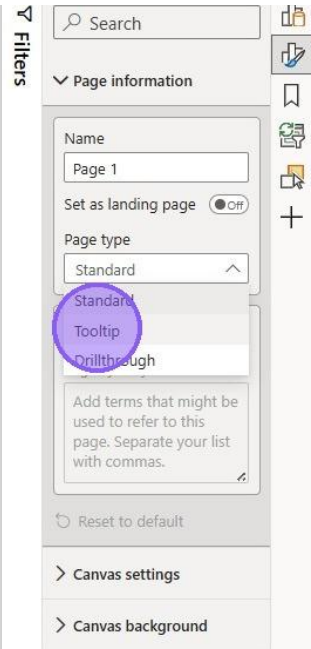

Visuals with your data
Drag the Data pane onto the report canvas.

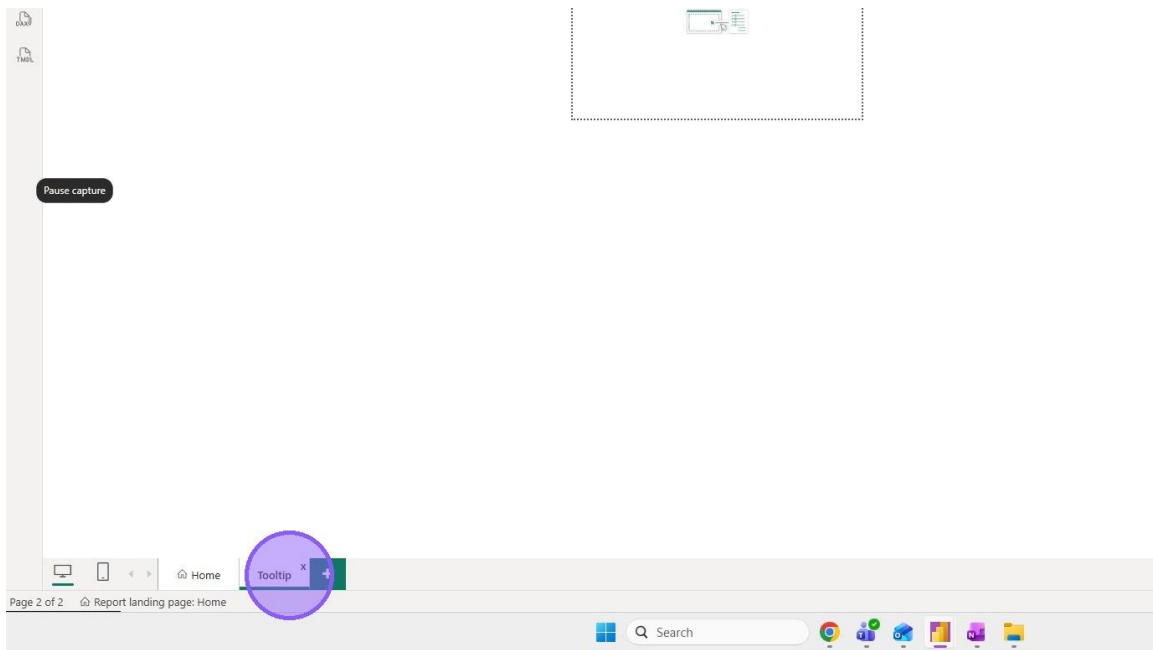

23. Select Tooltip under Page Type

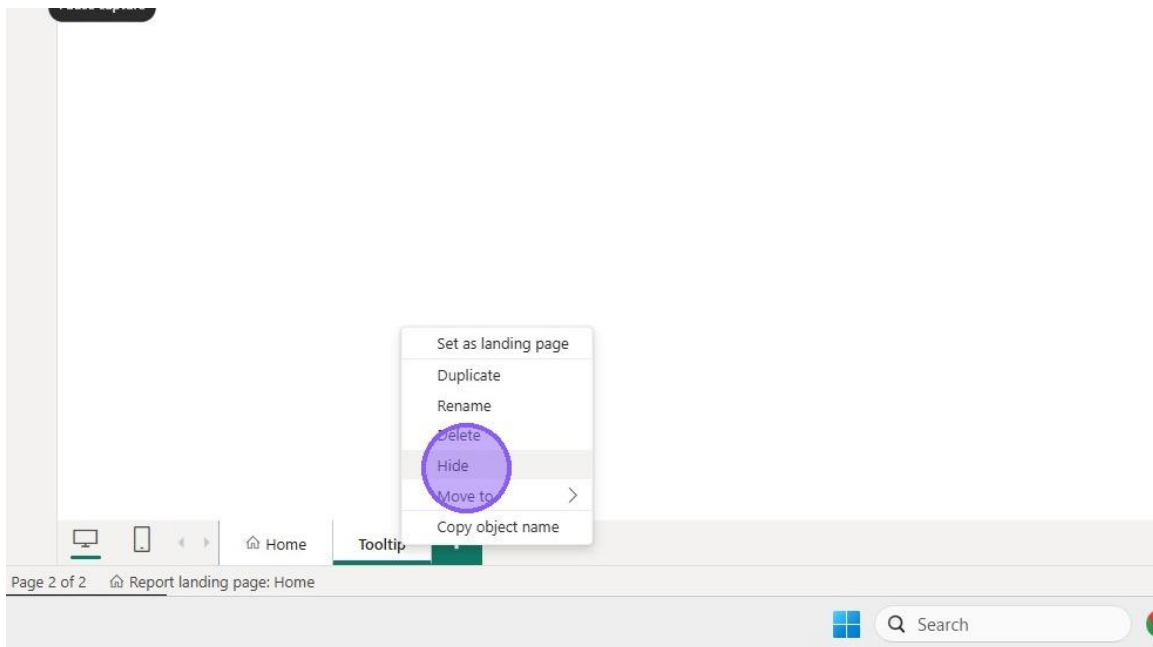

Visual data
Drag onto the report canvas.

24. Right click "Tooltip"

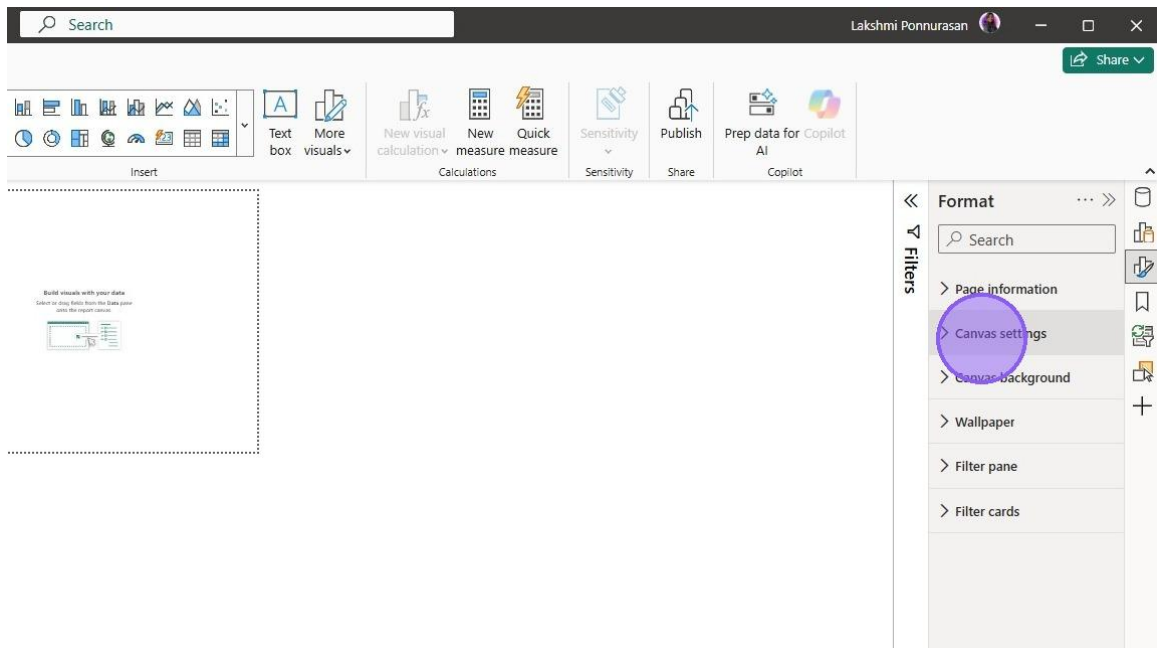

25. Click Hide

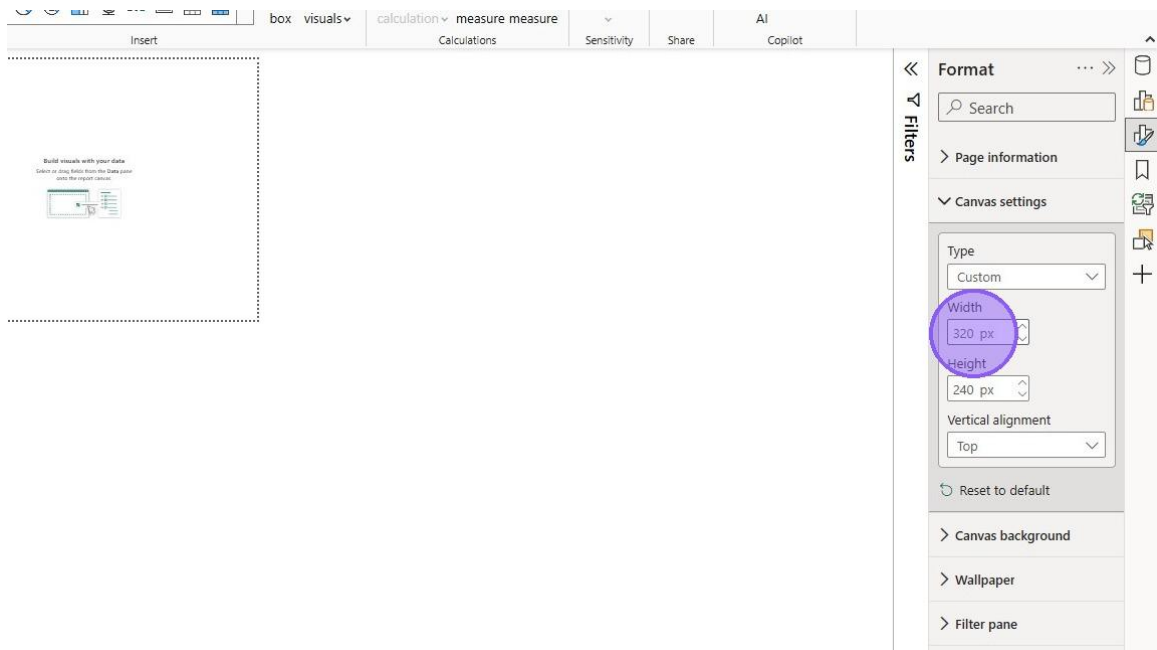

Tooltip for Map

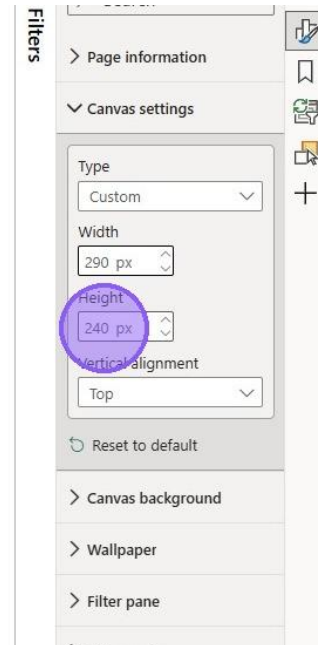

26. Click "Canvas settings"

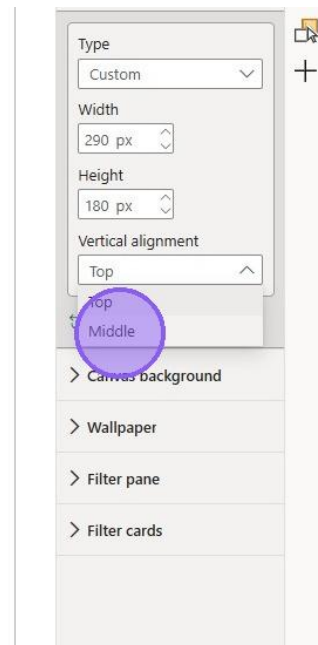

27. Set Width to 290 px

28. Set Height to 180 px

29. Click "Middle" under Vertical Alignment

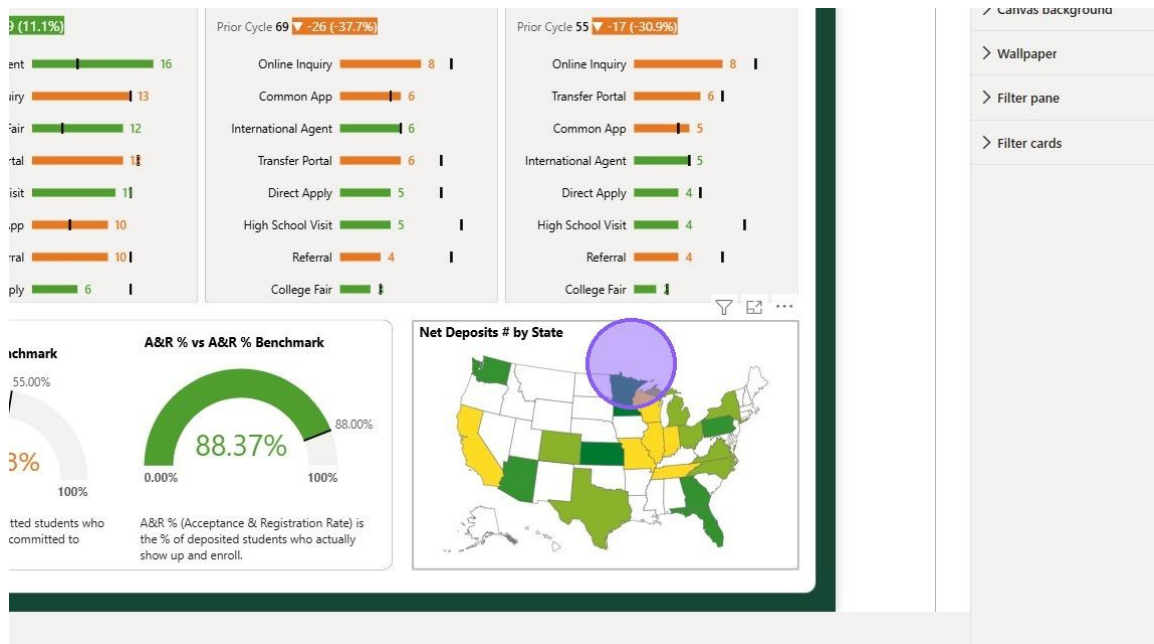

30. Now use the steps we followed to create a KPI Card to get the below visuals.

Tooltip Set up

31. Click the map visual

32. Select Properties

The screenshot shows the Power BI Desktop interface. The main view displays two cards: 'Net Deposits #' with a value of 43 and 'Enrolled #' with a value of 38. Each card includes a bar chart comparing current values to a prior cycle. The 'Format' pane on the right is open, and the 'Properties' tab is selected, indicated by a purple circle around the 'Properties' label. The 'Visual' tab is also visible.
